Mr. Gatten,

The purpose of this email is to acknowledge receipt of an application for a Ground Water Discharge Permit on June 8, 2010 for the Cactus Mill, which was prepared by North American Exploration, Inc. for Desert Hawk Gold Corporation. If we need additional information for preparing the draft permit, we will contact you. The fee for the permit will be based on the number of hours spent preparing and issuing the permit and our legislatively mandated hourly rate of \$90. If you have any questions, please contact me.
